

1 1B SERIES DW DUAL WHEEL CASTERS

**Total Lock Caster with
GRAY NON-MARKING RUBBER
Precision Ball Bearings**

**Hole Caster with
GRAY NON-MARKING RUBBER
Precision Ball Bearings**

180 LBS. LOAD CAPACITY TYPE CASTERS

- Top plate: 2 3/8" x 2 3/8"
- Mounting Holes: 1 1/2" x 1 1/2"
to 1 7/8" x 1 7/8" BHS 6mm hole clearance
- Custom stems available

This twin wheel version series caster offers improved mobility, better distribution of floor load, and increased capacity of a dual wheel caster. The optional "Total Lock Brake" locks both the swivel and wheel with one press of the pedal. Available in both top plate and bolt hole mounting styles.

Applications

- Furniture
- Medical & institutional stands and equipment
- Diagnostic & electrical equipment
